

Sponsorship Application Form

The Port Campbell to Adelaide pipeline lies approximately 60% in South Australia and 40% in Victoria, the WUGS lateral and the Port Campbell to Iona pipeline lie in Victoria. Accordingly, SEA Gas' focus will be on both of these states when considering donation and sponsorship applications.

Each year SEA Gas receives numerous requests for donations and for sponsorship of various activities.

SEA Gas has developed a Community Investment Program (CIP) framework called SEA Change.

In this space, SEA stands for:

- Sustainable Communities – Supporting communities through environmental initiatives and promoting health and well-being.
- Education – Supporting the creation of jobs and opportunities and to help develop and retain talent in our community through education and awareness programs; and
- Arts – Bringing people together through arts, culture, and heritage activities.

Through these focus areas, our goal is to contribute towards positive and lasting change for our stakeholders and local communities.

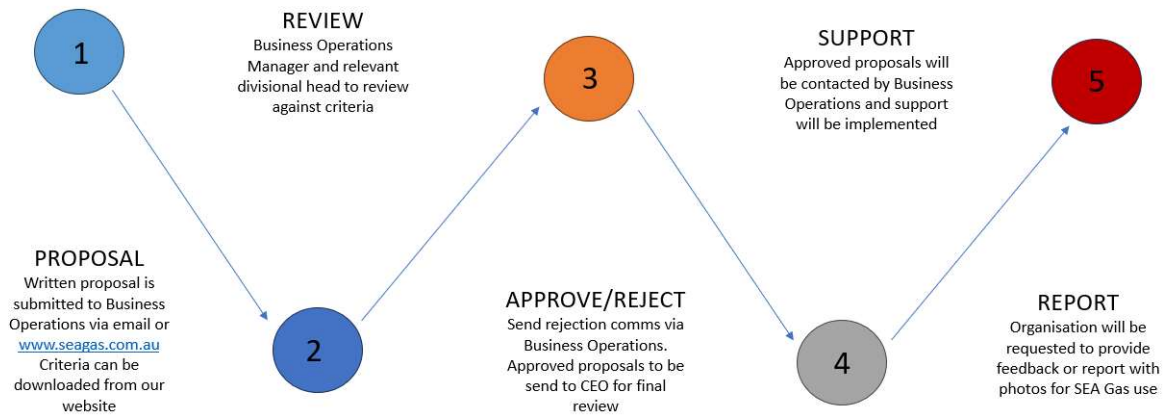

This framework will enable our sponsorship and donations to be defined, aligned, stakeholder driven, clear and measurable.

Through SEA Change, we aim to achieve the following outcomes for our stakeholders:

- Local Communities – help specific groups improve their education, health, and life skills.
- Environment – prevent or minimise environmental harm and support the development of green initiatives in the energy space.
- Employees – provide an engaging workplace and develop pride in the work we do for our stakeholders.
- Customers – create opportunities to engage customers through our CIP.

The following process will be followed when reviewing requests for donation and sponsorship:

Donation and Sponsorship: Review and approval process

- All approved sponsorships and donations will be coordinated with the relevant business area by Business Operations.
- Business Operations will request feedback, and images from sponsored organisation, as appropriate.
- Feedback to be consolidated into an annual update.
- News to be posted on inSite.

All requests not processed through the www.seagas.com.au are to be sent to:

Narelle Brancato

Business Operations Manager
